

# KRS-One Lyrics

## "Lord Live Within My Heart"

*[repeat 2X - sung]*

Lord live within my heart.. Lord don't you ever stop..  
Fill me up with what I need.. just have to ask I shall receive..

Look, look!  
Ba-bi-di-ba-bi-dang-a-dang-diggy  
How many rappers can actually hang with me?  
My style is that Kris-style, it's witty  
In they style, I have no more Faith like Biggie  
I battle on many levels, I shatter so many devils  
'Fore you challenge me you better know the essentials  
It's the K to the R to the S, to the uno  
You know, if you don't know your crew know  
When you hear the thunderin sound, you under the ground  
You can tell by the way we jumpin around  
It's the teacher, breakin it down  
I'm an upright MC, these others they be crawlin around, word

*[repeat 2X - sung]*

Lord live within my heart.. Lord don't you ever stop..  
Fill me up with what I need.. just have to ask I shall receive..

Yeah yeah, word up, look, look!  
You know when the teacher returns, just get ready to learn  
Just get ready to earn, health, love  
awareness and money to burn, I'm not really concerned  
how the Benz just turn, 'round the corner  
for our sons and daughters to yearn, stand firm  
If you lookin at these hooks you becomin a mad worm  
Danglin from the pole of the fisher, the corporate fisher  
The talent scout and no doubt ready to get ya!

*[repeat 1X - sung]*

Lord live within my heart.. Lord don't you ever stop..  
Fill me up with what I need.. just have to ask I shall receive..

Look look look look!  
I'm anything BUT regular, not even similar  
I get rid of the SIN in ya when I spit at ya, my new literature  
Now who forever been with ya? THE TEACHER!  
Who remembers the kid in ya? THE TEACHER!  
I'm winnin ya, or winnin a convert when the rhyme splurt at the concert  
Forget the times that hurt, if the mind's alert let the mind work  
Uh! Let the body divert

To get to the top of the mountain, you've got to climb dirt  
So c'mon climb through, don't get stuck lookin behind you  
It'll blind you, however I'm here to remind you  
Many of you lost you've got to find you  
You'll be found you simply by you finding you, c'mon!

*[repeat 4X - sung]*

Lord live within my heart.. Lord don't you ever stop..  
Fill me up with what I need.. just have to ask I shall receive..
